**\*NOTICE\***

In light of the COVID-19 pandemic facing the residents of Ohio and the City of Akron, and in light of the state of emergencies declared by both the Governor of Ohio and the Mayor of Akron, please be advised that while under a continued state of emergency, all Akron City Council meetings will occur without the physical presence of members of the public. Members of the public who wish to observe City Council meetings may do so, in real-time, by watching livestream broadcasts of City Council meetings available through the Akron City Council website. Members of the public wishing to engage in the public comment portion of the meeting may continue to do so by submitting their comments to the Akron City Council email address: [publiccomment@akronohio.gov](mailto:publiccomment@akronohio.gov). If timely received in advance of the City Council meeting, and consistent with Council rules, these comments will be read aloud during the meeting.

These emergency measures are being implemented in order to further the health, safety, and welfare of the general public, and are made in reliance upon recent statements and guidance provided by the Office of the Ohio Attorney General with respect to the Ohio Open Meetings Act.

Respectfully submitted,

Robert E. Keith  
Clerk of Council
